

# PageOne Laser Pager

## communications on the move

### Greater Versatility

A small and versatile pager, which has clear and loud alerts for when you are being paged in the most busiest environments. You can also store up to 16 messages for future reference.

### Cost Effective

The price you pay for being in touch is very small. You simply pay a fixed monthly rental, no matter how many messages you receive.

### Faster Communication

You can rely on your message coming through in seconds because PageOne uses advanced satellite technology to send the message to transmitter sites across the country and through to you.

### Unsurpassed Back-Up

You need never worry about things going wrong. PageOne make a point of service. In fact, we provide a highly experienced Customer Services Centre for all service enquiries - whether you need a replacement, repair or simply want to know how the system works or how far it reaches - just call our Customer Services department on 08700 555 300.
